- Eugene Browning presented information from and AMA article under the State Watch section:
 - A218 – would allow riders 21 and over to ride without a helmet
 - A481-4506 – this would prevent police to not single out motorcyclists for stops just because they are on motorcycles – there would need to be a legitimate reason to stop them
 - There was an additional article stating the Harley-Davidson owners were having issues with their key fobs not working at gas stations. There is interference with the signal – the bikes need to be rolled away from the pumps.
