Presidents Report: Lisa reported on International meeting, she thought it was a great meeting. She feels that more than one person should attend the meeting for a chapter and members sit together with their chapter and then they could discuss their way of voting on any issues. There were 83 delegates present. There were 2 major concerns: 1. How long a person has to be a firefighter before they can become a Red Knight. 2. Having 2 regional directors for any region having more than 80 chapters. This failed as questions as to how it was going to work, more information is needed on this change.

The house in Boylston, Mass. is now owned by the Red Knights. Chapters should think about renting the house, the cost is \$20 per night per person.

Old Business: Carol Goold had contacted the home about adopting two residents. The following were given: Bob Gilmore, from Middle Island Fire Company, and Robert Walsh, from Columbiaville-Washington Hose Co. 3. Neither have any family in area. Motion by Eugene Browning, 2nd Jason Peck, to adopt these two members; carried. We will present each with a Yankee Rally tee shirt and mug.
